

THE DAY OF RECKONING

Trainmen's Troubles

Toronto, Ont., Aug. 25.—Another International union has crossed swords with the Canadian Pacific Railway Company. It is the brotherhood of Locomotive Firemen and Engineers. The brotherhood has appealed to the Dominion government for the appointment of an arbitration board.

The charge is made that an engine-man on the Lake Superior branch has been wrongfully discharged on account of his activity as a trades unionist.

The finding of the arbitration board on the charge against the C. P. R. telegraphers that an operator was wrongfully dismissed may be made public by the authorities next week. A red hot protest is to be sent to Ottawa by the C. P. R. strikers against the importing of alien strike breakers by the company. The strike leaders state that it is useless to take police proceedings, as the strike would be ancient history before any conviction took effect.

The strikers will make a vigorous effort to have the Dominion government send an alien labor officer to the points where the complaints are made, examine into the charge, and, if they are established, have the alien strike breakers deported at once.

RELIGIOUS HYSTERIA.

Old Orchard, Me., Aug. 15.—Amid wild scenes of fanatical zealotry, women, alternately shouting and weeping, crying and laughing, gave up nearly \$70,000 in support of the missionary movement of the Christian and Missionary Alliance, of which A. B. Simpson, D.D., of New York, is leader. When it was over many of the congregation had all but begged their money.

Five hundred delegates were attending the national convention of the association. The rest of the audience of 5,000 people was made up of people gathered from all parts of New England.

Scott after Dr. Simpson began his address a wave of hysteria seemed to sweep over the audience. A man started it way in the back of the rearward.

"Hallelujah," he shouted, and his ecstasy ran down the aisle, shouting praises to God, turning out his pockets, and stripping himself of his valuables as he went. He dropped them in the collection baskets at the altar.

A minute later men and women were fighting for places before the baskets. Men, stand and sedate at times, pulled out their pocketbooks and wallets, removed their rings, watches, and scarf pins, and frantically jostled and shoved for a chance in the struggling mass to drop them in the baskets.

Society women, servants, daughters of the rich and poor alike, pushed and jammed through the crowd diverting themselves of their earrings, rings, lockets and other articles of personal adornment of value. Even combs and hairpins were thrown to the altar.

The hysteria lasted an hour and a half. They went out and most of them without a cent, the people left the church. They left behind them ten big baskets containing almost ten bushels of valuables.

Toronto, Ont., Aug. 25.—In the Scott's lawn tennis championship finals B. B. Powell, Canadian, beat D. W. Kitting 7-5, 6-4, 6-3. In the gentlemen's doubles French, London, and Powell, beat Fleming and Sanderson, Edinburgh, 7-5, 7-3, 7-5.

Scott Government Paying Penalty Of Misdeeds

Twenty Provincial Righters and Seventeen Liberals Elected or Leading--Three Constituencies to be Heard From.

Three Liberal Cabinet Ministers Among the Defeated.

New Brunswick
Quebec
Ontario
Saskatchewan
What Next?

While it is still a matter of uncertainty as to what exactly the final figures of the Saskatchewan election will be there seems little reason to doubt that the Scott government is not actually, and this is probable in all events morally overthrown. The very last telegram received before going to press puts the provincial righters number at 20, the Liberals at 7. One thing is certain that the Scott cabinet have suffered severely at the hands of the people.

Three ministers having gone down. The premier alone escaped and simply because he had the foresight to see a new sphere. His old constituency of Lunenburg has turned from him politically. In Prince Albert city the Hon. G. Turgeon has received a crushing defeat at the hands of J. E. W. Hingston and has found refuge in the constituency specially built for his reception at Duck Lake. At Milestone, Hon. J. A. Calder, the minister responsible for the school book deal, has received a crushing defeat at the hands of Scott. He may have, and that his great struggle against Mr. Laird in Regina evidently carried weight. About the only matter of congratulation the party has, if they are not too cast down to take any pleasure in the defeat of their opponents, is the unexpected victory of J. P. Bala in the

capital. From an insignificant majority over H. W. Laird in 1903 Bala has increased it to considerably over 200.

There seems to be no doubt that this was the direct outcome of the specific charges of graft made by Hon. Walter Scott against Mr. Laird. These charges will be the subject of court investigation later.

The gallant leader of the provincial rights party has been re-elected by his constituents in South Qu'Appelle by a rousing majority. A failure of the election has been the immense provincial rights vote cast, especially in the northern ridings. Prince Albert, for instance, the city has gone Conservative by a margin three times that rightfully obtained by J. E. Bingham last fall, and the county has increased the majority for its Conservative member at least four fold.

The following is the standing of the seats: Hanley, nine polls, gives McNeil, Liberal, 63 majority.

Maple Creek, incomplete returns give Wylie, Conservative, 175 majority.

South Qu'Appelle returns Mr. Hingston, 13 polls, giving him 200 majority.

North Qu'Appelle 14 polls give J. A. McDonald, Conservative, 115 majority over Hon. W. R. Motherwell.

Moose Jaw City returns J. E. W. Hingston, Conservative, by 84 majority. Yorkton, 15 polls out of 19, give H. Garry, Liberal, 207, and his election is conceded.

Cannington, 18 polls out of 22, give 166 majority to J. D. Stewart, Liberal, and he will no doubt be returned.

Moose Jaw county, incomplete returns give Henry Darrell, Conservative, 46 majority, and the seat is in doubt.

Regina returns Gerhard Eas, Liberal, by 188 majority, with 2 polls to hear from.

South Battleford, incomplete returns give S. S. Simpson, Liberal, 197 majority.

Lloydminster, incomplete returns give W. H. Miles, Conservative, 90 majority.

Weyburn, incomplete returns give Geo. Belsched, Conservative, 66 majority. In one sub-division no poll was held and unless winning candidate secures a majority of 65, a new election will be necessary.

Phasing Hills, 12 polls give H. W. Wilway, Conservative, 130 majority.

Reservoir, incomplete returns give C. P. Evans, Conservative, 125 majority.

Regina County returns F. C. Tate, Conservative, by about 400 majority.

Saskatoon City elects A. McNeil, Liberal, by 77 majority.

Saskatoon County, with 4 polls to hear from, gives P. L. Summerfield, Conservative, 29 majority.

Silvertown, incomplete returns give Thom. McInt, Liberal, 74 majority.

South, incomplete returns give R. B. Smith, Conservative, 220 majority.

Swift Current, Premier Scott is elected by at least 120 majority.

Vonda, 2 polls give A. P. Totaka, Liberal, 24 majority, leaving the seat in doubt.

Townwood, complete returns give G. M. Atkinson, Liberal, 160 majority.

Madison, complete returns show R. H. Nicholson, Conservative, leading by 14, the seat is in doubt.

Moore Mountain, 14 polls give Dr. Elliott, Conservative, 211 majority. His election is assured.

Moscow, 19 polls give A. E. Smith 57 majority. He is probable.

Prince Albert City elects J. E. Bradshaw, Conservative, by 186.

Prince Albert County, with 7 polls to hear from, gives Sam Donaldson, Conservative 174 majority, and his election is conceded.

Pierson elects A. B. Gillis, Conservative, by 382 majority.

Milestone 22 polls give A. P. Whitmore, Conservative, 85 majority.

Arm River, 15 polls give George Scott, Liberal, 68 majority.

North Battleford, incomplete returns give A. Craig, Conservative, 78 majority.

Duck Lake, 14 polls give Hon. A. Turgeon, Liberal, 88 majority and his election is conceded.

Estevan, 10 polls give Geo. Bell, Liberal, 81 majority.

Francis, 14 polls give J. J. Stevenson, Liberal, 173 majority. His election is sure.

Last Mountain, 13 polls give T. A. Anderson, Conservative, 146 majority.

Three districts from which returns have been received are Pelly, Canora and Kinistino.

Humboldt goes Liberal.

Regina City gives big majority to F. J. Bala, Liberal.

According to the above the Provincial Righters have been elected or lead in:

Squaw Squabbles

Dawson, Aug. 14.—One Indian woman, a child's sister-in-law, proved as far as conscience goes among Northern Indians, and a gift bestowed of a pair of moccasins to a member of another tribe, was the cause of two tribes declaring war upon each other in the Yukon territory, within the last few days. Only the prompt action of the Northwest Mounted Police and the fact that ammunition ran short is all that saved a needless slaughter.

The uprising was held among the Pelly Indians and the Hlud Creek tribe headed by Chief Juth, over the murder of a Hlud Creek Jonathan by Laird Bob, a member of the Pelly tribe, after a desperate duel fought in the woods near in which Jonathan was killed. For the murder of Jonathan the Hlud Creek Indian chief demanded 1,000 blankets and thirty rifles. These were not forthcoming and war was declared.

News of the uprising was furnished by the arrival of the steamer Pelly, which was placed in commission, with Capt. Ellis Horriggan, to see to the headquarters of the tribe and command the Indians to keep peace. Both tribes had assembled to exterminate each other when Horriggan arrived. The first news of the uprising was furnished by Poole and Field, two white trappers.

Horriggan found the Pelly waiting but the Hlud Creeks surly; the old chief being a brother of the murderer of Jonathan. The chief, then of men demanding the original payment or the blood of his enemies. After a long conference, Horriggan gave Juth ten minutes to settle or to be seized by the squad. For a few minutes it looked as though the chief might order his men to attack Horriggan's force. The chief, then agreed to keep the peace. The next day the tribes held a tribal council together.

The trouble began when the wife of Jonathan gave a pair of moccasins to Laird Bob, saying she did so because she loved him. Jonathan became jealous and attempted to kill Bob. They fought a desperate duel in the wilderness. Bob had no weapons, but overcame Jonathan, who had a rifle and a rifle. Bob wounded Jonathan slightly with his own shotgun, then both faced to get the rifle. Bob wanted the rifle, Jonathan with his own weapon.

Jonathan was an outcast from the tribe because of his stealing tendencies.

Horriggan reports a justifiable homicide on the part of Bob. Horriggan's timely arrival settled what meant the slaying of hundreds on both sides, perhaps including white prospectors and trappers.

RACE RIOTS.

Springfield, Ill., Aug. 14.—Springfield is in the hands of a howling mob to-night. Governor Deneen has ordered out soldiers from all the surrounding towns. All saloons and sporting resorts are closed. Martial law will soon be declared as a result of a race riot.

Mobs are working in two different parts of the city, one attacking the negro quarters in east Washington Street and the other has completely wrecked the big restaurant of Harry T. Loper, Fifth street, within two hours of the congested part of the city.

The police and the house company of militia were unable so far to make any impression on the crowd. The riot is the result of a criminal attack last night at midnight. Mrs. Earl Hallan, wife of a motor-man, living in a respected and thickly populated portion of the city, she had retired when she was awakened by some one in the room and a violent attack was made upon her by a colored man.

Canadian Victory

London, Aug. 15.—In the Scott's lawn tennis championship finals B. B. Powell, Canadian, beat D. W. Kitting 7-5, 6-4, 6-3. In the gentlemen's doubles French, London, and Powell, beat Fleming and Sanderson, Edinburgh, 7-5, 7-3, 7-5.

MICHIGAN MONEY FOR B.C.
Vancouver, Aug. 14.—Michigan capital represented by the estate of the late David Ward, Detroit, Mich., is seeking investments in British Columbia timber lands.

Mr. W. C. Ward, one of the trustees, is a guest at the Hotel Vancouver. The estate is valued at more attention than ever to British Columbia as the source of future principal sawing plant is located at supplies for the American market.

De Ward, Mr. Ward has had a cruise at work in this province examining various timber propositions since last February. Last year he purchased a twelve thousand acre tract in the Alice Lake country, near Quatino Sound, Vancouver Island.

Western lumbermen are directing more attention than ever to British Columbia as the source of future principal sawing plant is located at supplies for the American market.

Mr. Ward today, "Stocks in the east are largely owing to the financial stringency, which has restricted business operations. My plans regarding investments on here are still in the air. It is impossible yet to say whether the estate will engage in the lumber business. There is now a very scarce article in Michigan although there is considerable hardwood and hemlock left."

COMMENT

The people of Saskatchewan have risen to the occasion and whatever the ultimate results of the election may be there seems now little doubt but that Mr. Hamilton will at least tie out twenty or that unless a miracle occurs he cannot be defeated. To the Liberals the same possession over seventeen seats is conceded and in the event of the Liberals capturing each of the three seats of Pelly, Canora and Kinslun what have yet to be heard from, the election will be a tie. There are incidents, however, the results of which are more significant of the discredit into which the Scott Government has fallen than anything else. Three of the four members of the cabinet have gone down before the indignation of the people, the Attorney-General, the Minister of Education, and the Minister of Agriculture. Another remarkable feature was the sweeping majority against Mr. Laird in Regina City. We have no doubt that Mr. Scott is directly responsible for this and we regret that the charges could not have been investigated before the election. Of the methods adopted to keep the Scott Government in power little need be said. A host of goods were imported from the East. Spill bills of the most questionable political morality were rushed in from all quarters but in vain. The people are sick of the party in power at Ottawa and their tools such as the Scott Government and now here is the feeling running higher than where in Alberta. The telegram despatched from Strathcona to Mr. Hamilton of congratulation and admiration on the great fight for honest and clean Government has the heartiest sympathy of an overwhelming majority of the community. Let us to ready. The Dominion elections are coming and coming fast. Sir Wilfrid has overwhelming evidence that he does not possess the confidence of the people. In only constitutional course is to dissolve. Every day he delays puts himself further and further in the mire. From the Atlantic to the Pacific the nation has arisen. The dark night of greed and corruption is almost over, the dawn of clean government and honest administration is at hand.

As an unconscious humorist the Oliver organ stands alone when John Howie turns the handle. It does not intend to be humorous; its purpose is merely to deceive, but in its report to-day of the Saskatchewan election it boasts any single-minded show. Boldly and unobscuringly it starts out with the heading: "Premier Scott is ousted. Saskatchewan government will have 8 to 10 majority." Of course this is untrue, but the amusing part is that the Bulletin itself proves it to be untrue. In a beautiful homely it continues, "Liberals, 22, Conservatives 14, Doubtful 3." Then follows a little editorial hot air. If the Bulletin had stopped here it might not have been found out but in an incautious moment it published the full telegraphic report with the exception of the last sentence, which runs: "This makes standing parties as follows: Liberals elected, leading 77; Provincial Rights elected or leading 30, to hear from 30." We suppose the Bulletin supposed that its readers could not be troubled to add up its telegraphic returns. If they do they will find that the Bulletin's report shows 20 Provincial Rights and 17 Liberals. We should imagine that Bulletin readers must be rather tired of being fooled.

MORE SCARS.

The correspondent at Ottawa, who has a reputation for reliability, has been further enumerating the scars left in the Government's record at the recent session. He gives the Interior list.

The 24 previous scars were in the Marine department.
To enumerate the Interior scars in:

25. The charge that Mr. Burrows either in his own name or as the Imperial Ship Company, obtained timber limits by improper means.
26. The charge that Mr. Thrift as Dominion Lands Commissioner showed improper favors to Mr. Burrows and others.
27. The charge that the timber plot 27 of the department and its methods of handling tenders were wasteful and improper.
28. Mr. Thrift's improper interference, when Dominion Lands Commissioner, with the grant of some coal lands to Silas T. Griffin, who was not the first applicant.
29. C. F. Cadwell's acquisition of many road areas by bogus application.
The conviction of Wangli, local immigration agent at Chatham for cooking his accounts and furnishing false immigration statistics.
31. Rev. Dr. Brimley's charges of government connivance in immoral conditions in the Yukon.
And, as the Indian department has the same head, we may set down here another case:
32. The sale for \$5,000 of Indian timber lands in Fisher, Hamilton and Tully, Thompson, Alberta, to a group of Brandon men who received at \$100,000.
The Department of Railways and Canals and its subsidiary connects the National Transcontinental Commission contributors:
33. Giving the Hudson Bay railway and grant to the Canadian Northern's Dominion district to Prince Albert, which was not run in the direction of Hudson Bay.
34. The Hodgins' case.
35. The St. Boniface terminus.
36. The giving of a verbal contract at excessive price for a \$100,000 sewer at Moncton to E. A. Wetherby.
37. E. A. Wetherby's sale to the a pond.
contract, 25 per cent. take-off, government of steel girders at 45 cents a period which he bought for 3 cents.
38. The St. John's Sun's printing The Department of Agriculture may perhaps bear the responsibility of:
39. Sir Frederick Borden's cold storage contract.

Indigestion

Through trouble to find a remedy of, and not find a true one. We think of Dyspepsia, Heartburn, and Indigestion as real diseases. They are not, but they are a result of a certain specific cause. It was this fact that first led Dr. Shoop to the discovery of his famous Restorative. Being directed to the stomach nerves, which brought food and water to the stomach and to the bowels, it is the only remedy that can be trusted to cure indigestion, heartburn, and all the other troubles that result from a weak stomach. It is a simple, safe, and effective remedy, and it is the only one that can be trusted to cure indigestion, heartburn, and all the other troubles that result from a weak stomach.

Around the City

The Edmonton line of telephone is still "busy." What an interesting business we do these days.

Willie Mills and Charlie Stonehouse who have been camping on the river have succeeded in bagging a she bear and cub.

Wanted—A good mechanic, with no principles to fix up the federal machine.

A lawn social under the auspices of the Ladies' Aid of the Methodist Church will be held on Mr. Dale's lawn on Tuesday evening next, August 18th.

The broken and flying remnants of Scott's body guard are in full retreat. Dr. Clark and Senator Talbot have passed through Strathcona, but where the wheel are Duncan Marshall, R.P. Lewis and Philip Wagner.

Melford Reynolds has been experimenting with a new class of cats named "Kitties" at his farm at Rabbit Hill. These cats are a Russian cat and Mr. Reynolds sent East special for them. They were seen from 4th to 8th of May and could have been cut a week ago. They were shelling rice yesterday when cut. Mr. Reynolds considers they would be a fine addition to his large berry and a very thin milk. These cats were seen three weeks later than the latter and are further advanced now. They are a noisy day out in the bag to bag.

JAPANESE PRESS TALKS SOME

Tokio, Aug. 14.—Special despatches from New York and London pointed in Japanese papers representative of the recent speeches of Count Okuma attributing the naval expansion policy of the United States to the sudden rise of Japan to the importance of a world power, are arousing the same indignation and have caused a complete recrudescence of anti-Japanese sentiment throughout the United States. The New York papers are quoted as urging an American-Chinese alliance for the purpose of settling the intelligence of Japan. The newspapers are quoted as giving the views of Wu Tang Fang, Chinese minister to the United States on the subject of an alliance, in which he threatens Japan with "an early evidence of the real power of the American navy." Americans residing in Tokio and Yokohama and elsewhere throughout Japan are extremely indignant. They believe that the special despatches exaggerate the tone of the New York newspapers, and it is felt that it is particularly unfortunate that at this time anything should be permitted to retard the increasing friendly relations of the two nations, in view of the elaborate arrangements on foot among the Japanese to welcome the American fleet and the growing cordiality exhibited on all sides towards Americans.

American business men especially regret the publications, because the revival of the anti-Japanese propaganda in the United States will undoubtedly afford gratification to the competing countries represented here and also seriously damage American trade.

Count Okuma's frequent utterances do not create a simple here, and his most recent one was passed quite unnoticed by foreigners until the special announced the entry of the American papers.

Count Okuma is regarded here as a doctrinaire politician, who is now completely without political influence except in academic circles. The statement concerning the American navy, which was long written by Count Okuma reviewing world politics, and printed from day to day, when Count Okuma returned today to the city he said to the Associated Press that he was surprised to find that his utterances have been considered so deeply offensive.

"It was only natural," he said, in reviewing the world's politics to point out that Japan's rise above the horizon had caused the American navy to turn its attitude toward the Pacific. It was undoubtedly true that some American talk involving a stronger Japan, but never for an instant have I desired or intended to
